Development of the  
number of trade visitors

InnoTrans confirmed its status as the world's leading trade fair for transport technology in 2022. Covering an area of 200,000 m<sup>2</sup> (gross), the event occupied all 42 halls at the Berlin Exhibition Grounds. This gigantic space was used by 2,771 international exhibitors to present industry innovations and world premieres to 132,319 trade visitors from 137 countries. The journey continues from 24 to 27 September 2024 when InnoTrans once again invites experts from all over the world to shape the future of mobility – together!

# ***Outdoor Display***

Railbound vehicles for public and freight transport |  
Roadrail vehicles | Signalling systems | Buses,  
charging systems and electromobility | And more

## ***Mobility live in action***

A unique Outdoor Display with 3,500 metres of track  
showcases rail vehicles ready to roll.

The Bus Display with an adjacent 500-metre Demonstration  
Course presents the next generation of buses live in  
operation. This is where theory meets practice.

Figures for InnoTrans 2022

# **Railway Technology**

Railbound vehicles for public and freight transport | Subassemblies and components: driving gears, energy-/electrical engineering, couplings, brakes, etc. | Services for vehicles | And more

## **Efficiency needs innovation**

Technical demands on railway vehicles, components and systems are constantly growing. The Railway Technology segment is where exhibitors enrich InnoTrans 2024 with a full range of mobility solutions that prove that the industry is ready for the challenges of the future.

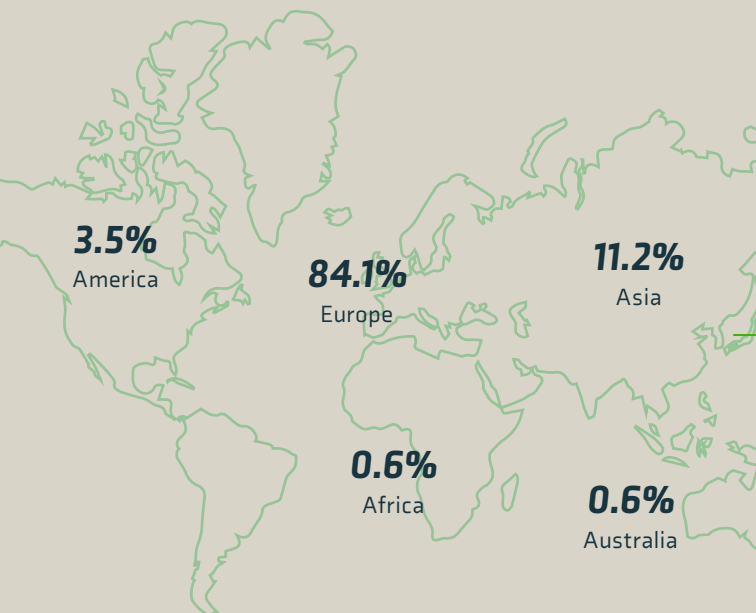

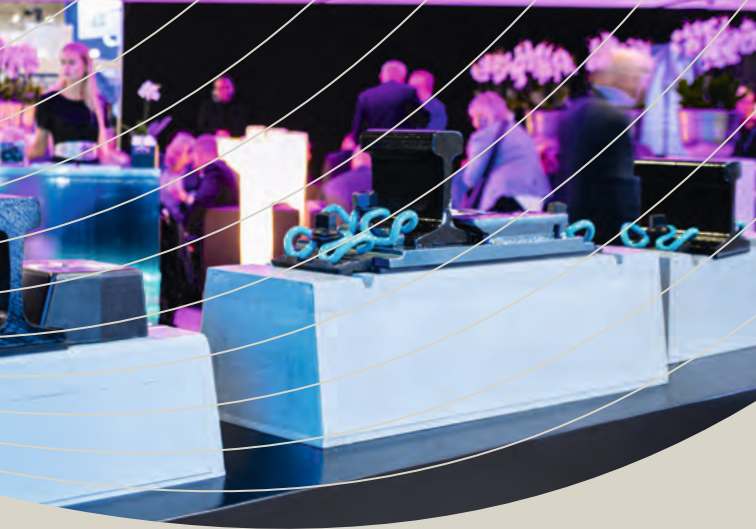

# Railway Infrastructure

Construction work | Signalling and control systems |  
Planning and monitoring of construction works |  
Overhead line equipment | And more

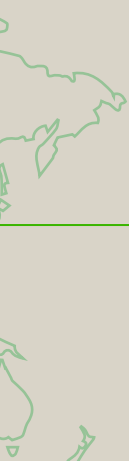

## ***On track for tomorrow***

From processes to machines and materials, sustainable rail networks need to be 100% reliable and ready for operation at all times. The InnoTrans 2024 Railway Infrastructure segment is where experts showcase state-of-the-art technologies that will empower the mobility infrastructure of the future.

## ***Holistic, data-driven, innovative***

If buses and trains are to become a more appealing means of transport, they must be viewed as an end-to-end public service. The InnoTrans 2024 Public Transport segment is where exhibitors present ways to make passenger travel more efficient with data-driven solutions. In the Mobility+ section, the focus is on complementary mobility services.

# ***Interiors***

Vehicle equipment and finishings | Lighting and glazing |  
Air conditioning systems | Security |  
Travel Catering & Comfort Services | And more

## ***Aesthetics to feel good***

Passenger transport is not only about getting from point A to B. Comfort, service and advanced design are all aimed at meeting the aesthetic demands of today's travellers. The InnoTrans 2024 Interiors segment features exhibitors showcasing their innovations ranging from technical equipment and security, to Travel Catering & Comfort Services.

To make sure nothing stands in the way of a thoroughly enjoyable travel experience!

# Tunnel Construction

Tunnel boring machines | Construction products,  
machines and components | Safety features and  
finishing | Communication and maintenance |  
Services and consulting | And more

## ***Breakthroughs in depth***

From spectacular large-scale construction projects to intricate details: tunnels are an integral part of the transport infrastructure. The Tunnel Construction segment at InnoTrans 2024 is where global industry experts demonstrate the performance and innovative strength behind today's tunnel projects.

# ***InnoTrans Convention***

## ***Explore the future of mobility***

At the InnoTrans Convention, the focus will be on exchange and knowledge transfer. In panel discussions, decision-makers and multipliers from the industry as well as transport and political communities, will discuss the mobility of tomorrow.

# *InnoTrans Plus*

As the digital annex to InnoTrans 2024, InnoTrans Plus is available everywhere at any time. Along with wide-ranging exhibitor and product presentations in a modern design, the online platform offers versatile opportunities for interaction and networking before and after the trade fair. Users can update long-term contacts, search potential business partners and share information with other users via chat. With a tool for organising on-site appointments, an overview of the supporting programme and live streams of all events, InnoTrans Plus is the perfect companion for your trade fair participation.

Registration is free of charge. Personal profiles can be individually designed and linked to the free InnoTrans app.

## Benefits at a glance

- ✔ Quick registration
- ✔ Customisable personal profile
- ✔ Contact list updating
- ✔ Detailed exhibitor and product overview
- ✔ Organise on-site appointments
- ✔ Chat with other users
- ✔ Easy search across all platform content
- ✔ Overview of supporting programme events
- ✔ Livestreams of all events

# Special themes

## Mobility+

Passengers want convenient services that make getting from door to door quick and easy. This demand is met by add-on mobility services to enhance conventional transport systems with innovative technologies.

### Shared Mobility

Cars | Bicycles | E-scooters |  
Scooters

### Mobility Apps

Inform | Book | Pay | Support

### Technology

Additional services |  
On-demand transport systems |  
VTOLs | Robotics

### First/Last Mile

Micromobility | Ride Hailing |  
Ride Pooling

The Mobility+ Corner is where exhibitors can showcase their company and products or discuss industry innovations in 60-minute presentations or talk sessions. There's no limit to thematic content.

## ***Travel Catering & Comfort Services***

The well-being of passengers is an increasingly important issue. As part of the InnoTrans 2024 Interiors segment, the Travel Catering & Comfort Services area focuses exclusively on catering and comfort solutions in rail transport. This is where top-quality products and services are presented: from on-board kitchen equipment and hygiene articles, to headphones, pillows, blankets and much more. Because happy passengers will be back for more!

## ***InnoTrans Campus YOUR. FUTURE.***

The shortage of skilled workers has had a significant impact on the transport industry. InnoTrans serves as an active platform for promoting young talent. The RecruitingLAB, Jobwall and Talent Stage offer students and young professionals exciting career prospects in transport technology and public passenger transport. The **Eurailpress Career Boost** gives five applicants from five categories 90 seconds each to introduce themselves to potential employers – the fastest way to launch a career at InnoTrans!

# **InnoTrans interactive**

**Speakers' Corner: 60 minutes.  
Endless possibilities.**

The five Speakers' Corners in the five InnoTrans segments offer exhibitors an opportunity to create their own presentations. Whether it's a lecture or an interactive panel discussion, participants who book a slot will have a chance to present their company's services, products or topics for 60 minutes in front of an international audience of experts. All presentations will be streamed live.

## **Digital trade fair service**

### **InnoTrans stream**

The entire InnoTrans supporting programme will be available as a live stream. Exhibitors who want to broadcast their own live formats, product presentations or press conferences can book a streaming slot. All videos and streams are available live or on-demand via InnoTrans Plus.

## ***Cosmopolitan Berlin***

A world-leading trade fair belongs in one of the world's leading cities. InnoTrans is firmly anchored in Berlin. Germany's capital has a lot to offer beyond transport and rail technology: art, culture and culinary highlights entice visitors with unique experiences that go hand-in-hand with a visit to InnoTrans 2024.
