

PRESS RELEASE

April 27, 2020

InnoTrans to take place from 27 to 30 April 2021

On 21 April 2020, in order to contain the spread of SARS-CoV-2 the Senate of Berlin imposed a ban on staging large events, in particular trade fairs with an attendance of more than 5,000, until 24 October 2020. As a result, it will not be possible for Messe Berlin to hold InnoTrans as originally planned from 22 to 25 September 2020.

After consulting with the co-founding associations of InnoTrans and the leading market players Messe Berlin has decided to postpone InnoTrans 2020.

"The health and safety of exhibitors, trade visitors and all the employees at the trade fair have the utmost priority. For this reason InnoTrans will take place from 27 to 30 April 2021. We would like to take this opportunity to thank our exhibitors at InnoTrans for their cooperation and loyalty", said Kerstin Schulz, director of InnoTrans.

Additional information on the postponement of InnoTrans can be found online at www.innotrans.de/en/AtAGlance/CurrentInformation/.

About InnoTrans

InnoTrans is the world's leading trade fair for transport technology and takes place every two years in Berlin. At the last event 3,062 exhibitors from 61 countries presented the global rail industry's innovations to 153,421 trade visitors who came from 149 countries. The five segments at InnoTrans are Railway Technology, Railway Infrastructure, Public Transport, Interiors and Tunnel Construction. InnoTrans is organised by Messe Berlin. The thirteenth edition of InnoTrans will take place on the Berlin Exhibition Grounds from 27 to 30 April 2021. More details are available online at www.innotrans.com.
