Media services for your visibility

Your digital industry platform InnoTrans Plus

Stay connected before, during and after the trade fair and always have the latest information about the rail industry. InnoTrans Plus is offering the entire world at the click of a mouse and representing the media hub for specific industry topics and solutions. As an exhibitor you can interest customers with your products and services, place specific topics and invite them to digital networking or to your exhibition stand at InnoTrans 2024 in Berlin. InnoTrans Plus offers you, among other things:

- ✓ High visibility of your company
- ✓ Livestreaming
- ✓ Networking and Round Tables
- ✓ Webinar bookings
- ✓ Direkt appointment requests
- ✓ Media uploads
- ✓ Targeted advertising opportunities

Your InnoTrans Media Package

Our Media Package ensures you an optimized visibility in all channels and simplified booking of all media services via the online editorial team of InnoTrans Plus.

The InnoTrans media concept includes:

- ✓ InnoTrans Plus – The digital comprehensive preparation and follow-up tool
- ✓ InnoTrans App – The smart companion for your trade fair visit

You will receive a separate email in March 2024 and will be able to update your entries and make online bookings.

If you have any questions, please contact the InnoTrans Plus support team:

Your next steps for the trade fair

Your transport concept

Further information on traffic logistics for your construction and dismantling will be sent to you in due time, including the latest traffic guide. Below you will find advance information for the set-up and dismantling periods of InnoTrans 2024:

- Access for all vehicles only after registration via our IT-supported traffic management system, available from 25 March 2024
- For loading and unloading of tools and crew there are drop-off points at hub27 and North Entrance available.

The day has 24 hours – make the most of it. We enable you to enter the exhibition grounds and open the halls around the clock for your stand construction.

Your stand construction

You should take into account the Technical Guidelines for stand construction when planning your display at the trade fair – **Rear stand partitions facing your neighbours must be held in a neutral white and may not include any advertising.** Details of all stand structures exceeding 2.50 m in height must be submitted to our Technical Department for approval: messetechnik@messe-berlin.de

Deadline Permission of stand construction: 06 August 2024

Vouchers for your clients

Enable your clients to enjoy direct, free access to the trade fair, and invite them to visit your stand. The vouchers will be allocated to a specific hall. This means that your clients' tickets will show the entrance closest to your stand. After the event you will only be billed for vouchers that have actually been redeemed. More details are available from the BECO Webshop under the menu item Tickets and Parking.

Tickets are only available online!

Everything under one roof Your BECO Webshop

The Webshop is the platform for ordering all the products and services needed for your participation in the trade fair, from additional passes to security cover, parking, cleaning, communication systems and stand equipment. Furthermore you can **download** your **free set-up / dismantling passes** and **exhibitor passes**, and the **plan of your hall** together with all the technical details.

The BECO Webshop can also provide any other information, such as deadlines for placing orders, any required approvals, and the Technical Guidelines.

For further information our BECO Webshop team will be glad to assist you at T +49 30 3038 1400 or beco-support@messe-berlin.de
